

# *EarthFest Transportation Angels Application*

Temple University Ambler EarthFest is an outdoor educational festival for people of all ages held in celebration of Earth Day. The Center for Sustainable Communities at Temple University Ambler is proud to host this event, which will be held Friday, April 21, 2006, from 9:30 a.m. to 2 p.m., rain or shine. The mission of EarthFest, which includes the Pennsylvania Horticultural Society's Kids Grow Expo and Junior Flower Show, is to promote environmental awareness using sustainable concepts, methods, and practices to protect and preserve our environment.

Because we would like to involve as many students in the region as possible, Temple and the Pennsylvania Horticultural Society have collaborated to create the *Transportation Angels* program for schools in need of funding for transportation to and from EarthFest. Please note that *Transportation Angels* funding is meant for schools with a genuine economic need. We encourage all schools to pursue alternative means of transportation funding with local businesses or organizations to ensure that funding is available for as many schools as possible.

*Funding is available on a limited basis. Applications for Transportation Angels grants are due by Tuesday, March 21, 2006. Recipients will be notified by March 28.*
