

# EarthFest Transportation Angels Application

Temple University Ambler and the Pennsylvania Horticultural Society's EarthFest 2012 is an outdoor educational festival for people of all ages held in celebration of Earth Day. EarthFest will be held Friday, April 27, 2012, from 9:30 a.m. to 3 p.m., rain or shine.

To involve as many students in the region as possible, the Pennsylvania Horticultural Society and Temple University have collaborated to create the Transportation Angels program for schools in need of funding for transportation to and from EarthFest. Please note that Transportation Angels funding is meant for schools with a genuine economic need. We encourage all schools to pursue alternative means of transportation funding with local businesses or organizations to ensure that funding is available for as many schools as possible.

Temple University is an approved entity with The School District of Philadelphia. The paperwork is on file with The School District of Philadelphia Risk Management Office.

Funding is available on a limited basis. Applications for Transportation Angels grants are due by Friday, March 23, 2012. Recipients will be notified by March 30.
