

TUpay, an easy way to access and pay bills

Beginning with the First Summer Session, registered students now have the option of using TUpay to access and pay their bills either through Self Service Banner (SSB) or [TUportal](#).

TUpay provides students with 24/7 availability to:

- View account details, including current balance and students can authorize parents or others as payers with similar access to view bills.
- Pay tuition bills either by e-check or credit card.

To access TUpay through:

SSB. Select “Student,” then click on the “Student Accounts” button. From there, you can access TUpay to view and pay your bills, link to your “Account Summary by Term” for a breakdown of transactions in a semester, or view any active holds that are preventing registration or release of transcripts.

TUportal. Select “Student Tools,” then click on TUpay under the “Student Accounts” link.

For more information about TUpay, visit Temple’s [Knowledge Base](#) or the [Bursar’s website](#).
