SUPERVISOR: (Print)_____ ASHA # : _____ Signature: _____

AGE CATEGORY(check one, use separate sheets for different age categories, if needed): ☐ ADULT ☐ CHILD

Date	Language			Articulation			Voice			Fluency			Dysphagia			Audiology		Related Disorders	Staffing	Super Initials
	Dx	TX	obs	Dx	Tx	obs	Dx	Tx	obs	Dx	Tx	obs	Dx	Tx	obs	Dx	Tx			
Total																				

Times are to be entered in increments of quarter (.25) hours, nothing less than .25 hours (or 15 minutes) are to be counted or split.
Staffing time is to include only client centered (not supervisory) conferencing as mandated by ASHA. There is a limit of 25 hours for Staffing which can be included in the total count of clinical hours. None of Staffing time goes toward minimum distributions for disorders or age categories. Activities in related disorders also does not go toward minimum distribution counts.
Counseling with client or significant others is Diagnostic or Treatment contact (depending on activity) not Staffing and so is entered in Disorder and age category.
