

The Future of Computing

Student Project Competition

Computer and Information Sciences Department

Date: March 29, 2009

Time: 10:00 am — 1:00 pm

Location: Ground Floor of Wachman Hall, Temple University Main Campus

Graduate and undergraduate students from the Computer and Information Sciences (CIS) programs will present their projects to faculty, students, and judges.

Everyone is welcome!

- Attendees will have the opportunity to participate in the judging.
- Open House for Potential CIS Students.
- Discuss internship & employment opportunities with local businesses!

The competition will select the best graduate and undergraduate projects completed during the Fall 2008 and Spring 2009 semesters. Certificates and cash awards will be presented based upon the following award criteria:

- Most Innovative Use of Technology
- Most Useful to the Proposed Community of Users
- Best Project Presentation based upon posters, notebooks and demonstrations

There will be also a single award for the “**Most Popular**” project, awarded based on votes of everyone attending the event.
