

CS / IS&T Lab Science Requirements

The following Science A&B courses fulfill the two-semester lab science sequence required for the Computer Science and Information Science & Technology majors:

DEPARTMENT	SCIENCE A COURSE	SCIENCE B COURSE
Biology	1011 (C083)	1012 (C084)
Chemistry <i>(Students can choose a mix-and-match Science A&B Chemistry combination. However, they must take at least 1 course from Science A & 1 from Science B.)</i>	<i>One of these:</i>	<i>Followed by one of these:</i>
	1021(C061) & 1023 (C063)*	1022(C062) & 1024(C064)*
	1031(C071) & 1033(C073)*	1032(C072) & 1034(C074)*
	1041(C081) & 1043(C083)*	1042(C082) & 1044(C084)*
	1951(H091) & 1953(H093)*	1952(H092) & 1954(H094)*
Geology	2001 (0155)	2xxx
Physics <i>(Students can choose a mix-and-match Science A&B Physics combination. However, they must take at least 1 course from Science A & 1 from Science B.)</i>	1021 (C085)	1022 (C086)
	1061 (C087)	1062 (C088)

*These Chemistry courses consist of a three-credit lecture plus a one-credit lab.
