

## CS / IS&T Lab Science Requirements

The following Science A&B courses fulfill the two-semester lab science sequence required for the Computer Science and Information Science & Technology majors:

DEPARTMENT	SCIENCE A COURSE	SCIENCE B COURSE
<b>Biology</b>	1011	1012
<b>Chemistry*</b>  <i>(Students can choose a mix-and-match Science A&amp;B Chemistry combination. However, they must take at least 1 course from Science A &amp; 1 from Science B.)</i>	<i>One of these:</i>	<i>Followed by one of these:</i>
	1021 & 1023	1022 & 1024
	1031 & 1033	1032 & 1034
	1041 & 1043	1042 & 1044
	1951 & 1953	1952 & 1954
<b>Geology</b>	2001	2011 (with chem 1031 coreq) or 2061 (with chem 1031 coreq)
<b>Physics</b>  <i>(Students can choose a mix-and-match Science A&amp;B Physics combination. However, they must take at least 1 course from Science A &amp; 1 from Science B.)</i>	1021	1022
	1061	1062

\*Chemistry courses consist of a three-credit lecture plus a one-credit lab.
