

**INTER-DEPARTMENTAL MEMORANDUM**

**TO:** All CST Faculty

**FROM:** Louis Raymon  
Chair, Executive Committee, CST

**RE:** I. **By-laws**  
II. **Collegial Assembly (Rescheduled)**

**DATE:** April 20, 1999

---

I. As announced at the Collegial Assembly of April 13, the proposed CST collegial by-laws were defeated (by a vote of 36 in favor, 21 opposed, short of the required 67% in favor) in the recent election. At the same assembly a decision was made to invite every faculty member to present a position paper for or against the by-laws at the next meeting of the Collegial Assembly. If you wish to present such a paper, please bring multiple copies to the assembly.

II. The next Faculty Assembly as originally scheduled conflicted with the annual meeting of the Graduate Faculty. The Executive Committee has therefore rescheduled the next Faculty Assembly for:

**Thursday, May 6, 2:45 p.m. in BA 140**

The agenda will include:

1. Approval of minutes.
2. Dean's report; Chair's report; Committee reports.
3. Old Business:
  - i. Neuroscience Concentration (Ph.D) 2nd reading
  - ii. Double Major Motion - 2nd reading
  - iii. Presentation of position papers re By-laws
4. New Business:
  - M.S. Program in Integrative Applied Math - 1st Reading.  
A copy of the proposal is posted on the web at [www.temple.edu/CST](http://www.temple.edu/CST)
