

TEMPLE UNIVERSITY SCHOLARSHIP AWARDS (4)

Scholarship Description

In partnership with FIRST (For Inspiration and Recognition of Science and Technology), Temple University will award up to four \$2500 per year merit scholarships, renewable annually for a total of four years and contingent upon maintaining a 3.0 or better cumulative GPA, to students enrolled in full-time study in a College of Engineering major. The award winners must be active FIRST team members and meet the Temple University regular academic standards for academic merit scholarships (generally at least a 3.5 high school GPA and SAT score of 1150). The winners will be announced after the National Championship each year. Each junior/senior student who applies for the scholarship must meet the regular academic requirements for admission as well as meeting requirements for scholarship retention.

Scholarship Application Requirements

***To apply for one of the four Temple University FIRST scholarships:**

- **Complete a Temple University Application for Admission and submit with this application two letters of recommendations, one from a teacher and one from a participating engineer involved with your FIRST team.**
- **Submit an official high school transcript.**
- **Submit SAT or ACT test scores. You may substitute PSAT scores for the SAT or ACT if you have not yet taken the SAT or ACT.**
- **Submit a cover letter of intent to be considered for a FIRST scholarship.**

*These requirements pertain to scholarship eligibility only, not to University admission requirements.

Scholarship Application Deadline

Completed applications (which includes two letters of recommendation and Temple University Application for Admission, Transcript, and SAT/ACT/PSAT scores) must be received no later than **March 1**. We request that you send the ABOVE REQUIRED MATERIALS, all together by U.S. postal service. Send submissions to:
