Includes Coverage for: Employee, spouse and unmarried legally dependent biological, adopted and stepchildren to age 23.

Excludes Coverage for Adult Children: Adult children between the ages of 23 to age 26 are not eligible for vision coverage.

Employee Contribution: None

Plan: Vision evaluation and provision of eyeglasses once every two years. Employees and their eligible dependents must have their eye exam performed by the Temple University Department of Ophthalmology in order to receive benefit coverage for the exam. Employees then have the option to choose a standard pair of frames and lenses for free, or different frames and specialty lenses and pay the additional cost. In lieu of eyeglasses, some employees may elect to receive a $25 allowance for the purchase of contact lenses.

Exam: A vision care exam consists of an evaluation of refractive error (glasses) and an exam of the eye that includes an exam of the anterior part of the eye, the optic nerve and the central retina. Such an exam is designed to detect cornea problems, cataracts, glaucoma and macular degeneration. Advances in examination techniques often permit these exams to be done without dilating the pupil. If necessary, a dilated exam for a peripheral retinal exam or for diabetes may be done during the vision care appointment, but a follow up medical exam may be required.

Contact Lenses: If you wish to have an exam for contact lenses, there is an additional charge for this type of exam. Please check with the Temple Department of Ophthalmology.

The University Department of Ophthalmology provides eye exams and eyeglasses at the Health Sciences Campus:

This percentage is 2% of your earnings up to the amount of the Social Security wage base for the year, and 4% of the balance of your earnings of your earnings.

**Please Note:** Employee contributions are subject to Federal maximums.
WAGEWORKS FLEXIBLE SPENDING ACCOUNTS

Eligibility: Begins on the first day of full-time employment.

Accounts: A Flexible Spending Account allows you to contribute money, on a pre-tax basis, to pay for eligible healthcare expenses and for dependent care expenses. You may enroll in one or both – healthcare and dependent care are set up as separate accounts. You do not pay federal income tax or Social Security tax on these contributions.

You elect an annual amount to contribute and Temple will deduct the amount in equal installments from your pay for the balance of the calendar year. You cannot change your contribution amount or suspend your payroll deductions during the year unless you have a qualified change in family status, as defined by the Internal Revenue Service.

Enroll: Enrollment is on-line at www.wageworks.com or you may call Wage Works at 1-877-924-3967. To enroll on-line, register as a first time user and create a password to set up your account. You have 31 days from the date of your benefits orientation to complete the enrollment process. Enrollment is for the current calendar year only; you must re-enroll each December for the next calendar year.

Healthcare Account

Healthcare Account Expenses can include those incurred by yourself, your spouse, or any dependent that you claim on your income tax return.

Some examples of qualified expenses are as follows:

- Deductibles and co-payments for Healthcare plans (medical, dental and vision)
- Co-payments for prescription drugs
- Amounts over usual and customary plan limits
- Purchase of prescription sunglasses, contact lenses and cleaning solutions

The maximum annual deduction qualifying for pre-tax reimbursement is $2,700 for the 2019 calendar year.

Expenses must be incurred from January 1, 2019 through March 15, 2020 for the 2019 plan year. Claims for reimbursement of expenses may be submitted through May 31, 2020.

In accordance with Federal Tax Law, any unused account balances will be forfeited if not used for qualified expenses by the end of the plan year. The University is not permitted to refund it to you.

When you enroll, you will receive a Healthcare Prepaid Visa debit card with the value of your annual election amount loaded onto the card. You may use the card like a credit card to pay for eligible Healthcare expenses. The money is deducted directly from your Healthcare spending account. As an alternative, you may elect to file claims for reimbursement.

For additional information, visit their website at www.wageworks.com or contact Wage Works customer service at 877-924-3967.
**Dependent Care Account**

Eligible expenses are only those expenses that you incur because you work, and are expenses for services received during the calendar year in which you are participating. If you are a two-parent family, both parents must be working in order to qualify for the Plan.

Eligible dependents are defined as:
1) children under the age of 13;
2) older, disabled dependents that you can claim on your tax return.

The maximum annual deduction qualifying for pre-tax reimbursement is $5,000 per household $2,500 if married, filing separately.

Expenses must be incurred from January 1, 2019 through December 31, 2019. Claims for reimbursement of expenses may be submitted through March 31, 2020.

In accordance with Federal Tax Law, any unused balances will be forfeited if not used for qualified expenses by the end of the calendar year. The University is not permitted to refund it to you.

You may arrange for direct payments to your provider or you can file claims along with the required documentation and be reimbursed by direct deposit or check.

For additional information, visit their website at [www.wageworks.com](http://www.wageworks.com) or contact Wage Works customer service at 877-924-3967.

**Commuter Benefits Program**

You place your order based on how you currently get to work (regional rail, bus or subway) and Wage Works will fulfill your order by mailing you a pass or recharging your commuter card just prior to the beginning of the month. These charges are deducted from your paycheck each month. The portion of your cost that is deducted pre-tax reduces the amount of earnings on which you have to pay taxes (this is how you save). If you choose the "Every Month" frequency, you will automatically get the same order each month until you change or cancel it or become ineligible for the program.

Unlike health care and dependent care flexible spending accounts, there is no open enrollment period for the commuter benefits program and you can enroll or cancel your enrollment at any time.

**Enroll:** Enrollment is on-line at [www.wageworks.com](http://www.wageworks.com) or you may call Wage Works at 1-877-924-3967. To enroll on-line register as a first time user and create your own account.

Temple Abroad: An eligible dependent child who is a full-time matriculated student at any University, including Temple, may receive tuition remission for Temple University courses taken as part of Temple Abroad provided that he/she applies for and is accepted into the program through Temple University’s standard admission process.

No tuition remission is given for courses taken in Temple University’s schools of Law, Medicine, Dentistry or Podiatric Medicine, with the exception of specially designated graduate courses as determined by the Dean’s office of the specific professional school. In the School of Pharmacy, tuition remission is limited to undergraduate programs.
TUITION REMISSION PROGRAM

The tuition remission program includes expenses for tuition only; any other fees are not covered under the program. Employees should also be aware that in any given semester, the value of tuition remission benefits on a per-credit-hour basis will equal the per-credit-hour rate of the least costly program offering the degree at Temple University. For example, the calculated rate of tuition remission pre-credit-hour for the Executive MBA program will not exceed the standard per-credit-hour rate for the traditional MBA program.

The first step is to register for the course(s). For assistance with the registration process, you may contact the Academic Resource Center.

Procedure for Submitting Tuition Remission Request:

Once the student has registered, Temple University employees need to log into TUportal to submit the online Tuition Remission request.

- Select Tuition Remission Tab
  - Employee’s information will be displayed in the ”Requested By” frame
  - Select Term from Drop Down Box
  - Select Recipient – Dependent or Self/Employee
- Click the Radio button for the Recipient you would like processed
  - If Self/Employee is selected, you will need to answer a question in a pop-up dialogue box
- Click Submit
- Student will receive an e-mail notification once the tuition remission is posted to the student account.

PLEASE NOTE: Graduate tuition benefits are considered taxable. Under current tax law, the value of employee graduate tuition benefits in excess of $5,250.00 will be included in the employee’s taxable wages and all applicable taxes will be withheld during the year that the tuition benefits are received.

A detailed description of the tuition remission benefit may be found in the Employee Manual and/or in your collective bargaining agreement.
