<tr>
<td><strong>What is the overall deductible?</strong></td>
<td>$0</td>
<td>See the chart starting on page 2 for your costs for services this plan covers.</td>
</tr>
<tr>
<td><strong>Are there other deductibles for specific services?</strong></td>
<td>No.</td>
<td>You don't have to meet <strong>deductibles</strong> for specific services, but see the chart starting on page 2 for other costs for services this plan covers.</td>
</tr>
<tr>
<td><strong>Is there an out-of-pocket limit on my expenses?</strong></td>
<td>Yes. For participating providers $4,400 person / $13,200 family.</td>
<td>The <strong>out-of-pocket limit</strong> is the most you could pay during a coverage period (usually one year) for your share of the cost of covered services. This limit helps you plan for health care expenses.</td>
</tr>
<tr>
<td><strong>What is not included in the out-of-pocket limit?</strong></td>
<td>Premiums and health care this plan doesn't cover.</td>
<td>Even though you pay these expenses, they don't count toward the <strong>out-of-pocket limit</strong>.</td>
</tr>
<tr>
<td><strong>Is there an overall annual limit on what the plan pays?</strong></td>
<td>No.</td>
<td>The chart starting on page 2 describes any limits on what the plan will pay for <strong>specific</strong> covered services, such as office visits.</td>
</tr>
<tr>
<td><strong>Does this plan use a network of providers?</strong></td>
<td>Yes. See <a href="http://www.ibx.com/find_a_provider">www.ibx.com/find_a_provider</a> or call 1-800-ASK-BLUE for a list of participating providers.</td>
<td>If you use an in-network doctor or other health care <strong>provider</strong>, this plan will pay some or all of the costs of covered services. Be aware, your in-network doctor or hospital may use an out-of-network <strong>provider</strong> for some services. Plans use the term in-network, <strong>preferred</strong>, or participating for <strong>providers</strong> in their <strong>network</strong>. See the chart starting on page 2 for how this plan pays different kinds of <strong>providers</strong>.</td>
</tr>
<tr>
<td><strong>Do I need a referral to see a specialist?</strong></td>
<td>Yes. Electronic referral required.</td>
<td>This plan will pay some or all of the costs to see a <strong>specialist</strong> for covered services but only if you have the plan's permission before you see the <strong>specialist</strong>.</td>
</tr>
<tr>
<td><strong>Are there services this plan doesn't cover?</strong></td>
<td>Yes.</td>
<td>Some of the services this plan doesn't cover are listed in the Excluded Services &amp; Other Covered Services section. See your policy or plan document for additional information about <strong>excluded services</strong>.</td>

**Questions:** Call 1-800-ASK-BLUE or visit us at www.ibx.com.

If you aren't clear about any of the underlined terms used in this form, see the Glossary.

You can view the Glossary at www.ibx.com or call 1-800-ASK-BLUE to request a copy.
- **Copayments** are fixed dollar amounts (for example, $15) you pay for covered health care, usually when you receive the service.
- **Coinsurance** is your share of the costs of a covered service, calculated as a percent of the **allowed amount** for the service. For example, if the plan’s **allowed amount** for an overnight hospital stay is $1,000, your **coinsurance** payment of 20% would be $200. This may change if you haven’t met your **deductible**.
- The amount the plan pays for covered services is based on the **allowed amount**. If an out-of-network **provider** charges more than the **allowed amount**, you may have to pay the difference. For example, if an out-of-network hospital charges $1,500 for an overnight stay and the **allowed amount** is $1,000, you may have to pay the $500 difference. (This is called **balance billing**.)
- This plan may encourage you to use participating **providers** by charging you lower **deductibles**, **copayments** and **coinsurance** amounts.

### Your Rights to Continue Coverage:

If you lose coverage under the plan, then, depending upon the circumstances, Federal and State laws may provide protections that allow you to keep health coverage. Any such rights may be limited in duration and will require you to pay a **premium**, which may be significantly higher than the premium you pay while covered under the plan. Other limitations on your rights to continue coverage may also apply.

For more information on your rights to continue coverage, contact the plan at 1-888-671-5276. You may also contact your state insurance department, the U.S. Department of Labor, Employee Benefits Security Administration at 1-866-444-3272 or [www.dol.gov/ebsa](http://www.dol.gov/ebsa), or the U.S. Department of Health and Human Services at 1-877-267-2323 x61565 or [www.cciio.cms.gov](http://www.cciio.cms.gov).

### Your Grievance and Appeals Rights:

Your health plan is subject to Employee Retirement Income Security Act (ERISA) requirements. If you are dissatisfied with a denial of coverage for claims under your plan, you may contact IBC at 1-800-ASK-BLUE. You may also contact the U.S. Dept. of Labor Employee Benefits Security Administration at 1-866-444-3272. As an alternative, the Pennsylvania Department of Insurance can also provide assistance. Please contact them at 1-877-881-6388.

### Does this Coverage Provide Minimum Essential Coverage?

The Affordable Care Act requires most people to have health care coverage that qualifies as "minimum essential coverage". **This plan or policy does provide minimum essential coverage.**

### Does this Coverage Meet the Minimum Value Standard?

The Affordable Care Act establishes a minimum value standard of benefits of a health plan. The minimum value standard is 60% (actuarial value). **This health coverage does meet the minimum value standard for the benefits it provides.**

This is not a cost estimator.

Don’t use these examples to estimate your actual costs under this plan. The actual care you receive will be different from these examples, and the cost of that care will also be different.

See the next page for important information about these examples.
Questions and answers about the Coverage Examples:

What are some of the assumptions behind the Coverage Examples?

- Costs don’t include premiums.
- Sample care costs are based on national averages supplied by the U.S. Department of Health and Human Services, and aren’t specific to a particular geographic area or health plan.
- The patient’s condition was not an excluded or preexisting condition.
- All services and treatments started and ended in the same coverage period.
- There are no other medical expenses for any member covered under this plan.
- Out-of-pocket expenses are based only on treating the condition in the example.
- The patient received all care from in-network providers. If the patient had received care from out-of-network providers, costs would have been higher.

What does a Coverage Example show?

For each treatment situation, the Coverage Example helps you see how deductibles, copayments, and coinsurance can add up. It also helps you see what expenses might be left up to you to pay because the service or treatment isn’t covered or payment is limited.

Does the Coverage Example predict my own care needs?

✓ No. Treatments shown are just examples. The care you would receive for this condition could be different based on your doctor’s advice, your age, how serious your condition is, and many other factors.

Does the Coverage Example predict my future expenses?

✓ No. Coverage Examples are not cost estimators. You can’t use the examples to estimate costs for an actual condition. They are for comparative purposes only. Your own costs will be different depending on the care you receive, the prices your providers charge, and the reimbursement your health plan allows.

Can I use Coverage Examples to compare plans?

✓ Yes. When you look at the Summary of Benefits and Coverage for other plans, you’ll find the same Coverage Examples. When you compare plans, check the “Patient Pays” box in each example. The smaller that number, the more coverage the plan provides.

Are there other costs I should consider when comparing plans?

✓ Yes. An important cost is the premium you pay. Generally, the lower your premium, the more you’ll pay in out-of-pocket costs, such as copayments, deductibles and coinsurance. You should also consider contributions to accounts such as health savings accounts (HSAs), flexible spending arrangements (FSAs) or health reimbursement accounts (HRAs) that help you pay out-of-pocket expenses.
