

**GETTING YOUR OWN USA
PHONE NUMBER – STEP BY STEP**

FIRST STEP

1. You must choose the carrier of your choice (AT&T - ATLANTIC, Sprint, Cricket Wireless, Metro PCS, or Verizon).
2. You must check online which one of them offers you the best option (that depends on what you really need.)
3. Most carriers offer packages for International calls.

SECOND STEP

1. Once you've decided the carrier of your choice you should visit one of their shops.
2. As an International student you are able to purchase only "Pay as You Go" packages.
3. That allows you to be able to purchase a cell phone service without the need of having a social security number.
4. The best carriers we advise you to choose are MetroPCS, Cricket and AT&T prepaid plan.
5. They are the most affordable and have a good coverage throughout the country

THIRD STEP

1. In order to purchase one of the carriers services you will need the following documents:
 - Your Passport
 - A mailing Address
 - And enough money for the first month payment
 - For further details you must check their respective websites

FOURTH STEP

1. Now that we have got ourselves a US phone number, make sure you do not forget your monthly payments in order for the phone to be activated at all time.
2. You should keep in mind that the carriers we advised you to choose provide affordable packages for international or long distance calling all included in their packages.
3. You can interrupt their services at any time without occurring any charges.
