This 3-week program provides practical insights into the structure and strategies of higher education organizations in America and upcoming trends of higher education.

**PROGRAM BENEFIT:**
This program is designed for mid-level and senior professionals with careers at colleges and universities, as well as in associations, government agencies, and industries whose activities relate to or impact higher education. The program provides grounding in the principles and practices of higher education and produces informed and reflective practitioners who are knowledgeable about current best practices and flexible enough to adapt to new situations.

**PROGRAM FEATURES:**
- Overview of the history, scope and current status of American higher education.
- Accreditation, Planning and Assessment.
- Organization and management structures.
- Policy and major issues facing American higher education.
- Optional program topics include: curriculum design with international components, leadership and managing in a university setting, student affairs, and relationships between higher education, government and business.
- Tour and communication with major universities in America.
- All domestic travel, room and board expenses included.

**GROUP SIZE:**
15 people and up

**DATES & COSTS:**
Customized upon request
