

TEMPLE UNIVERSITY PLACEMENT ASSESSMENTS INFORMATION FOR INCOMING STUDENTS – SPRING 2019

Achieving success at Temple University begins with registering for coursework that is appropriate for a student's current level of preparation. Placement into Math, English, and Foreign Language courses can be determined using standardized test scores (English and Math only), transfer credits, or, in some cases, placement assessment.

Math and English Placement

Students are automatically placed into Math and English courses using SAT, ACT or AP (English only) scores if those scores warrant a course placement. Only scores from tests taken up to two years prior to the start of the incoming student's first semester are considered in the automatic course placement calculations. Scores older than that are not used. For example, if a student's first semester were Spring 2019, scores from tests taken on or after January 14, 2017 would be considered for course placement. To determine if a Placement Assessment is required, students can review the table below.

If a student was admitted under the Temple Option, or has not submitted SAT, ACT or AP scores to Temple University, an assessment is required. A student may also choose to take an assessment if they feel their SAT, ACT or AP scores are not representative of their knowledge. Note that it's possible for a student to receive more than one course placement if, for instance, they receive an automatic course placement based on their SAT/ACT/AP scores and then take an assessment to try to place into a higher level course. In these cases the student may take the highest course into which they place.

Math SAT & ACT Scores	SAT Scores	ACT Scores	Course Placement
Highest SAT Math/ACT Math score is less than or equal to	490	17	Math 0701/0702
Highest SAT Math/ACT Math score is between	500 and 550	18 and 22	A Math Assessment is required.
Highest SAT Math/ACT Math score is equal to or greater than	560	23	GenEd Quantitative Literacy or STAT 1001
Highest SAT Math/ACT Math score is equal to or greater than	650	28	STAT 1102 (or lower level courses listed above)
Highest SAT Math/ACT Math score is equal to or greater than	700	31	Math 1041 (or lower level courses listed above)

English SAT, ACT ¹ or AP ² Scores	SAT Scores <i>SAT – Evidence Based Reading and Writing</i>	ACT Scores ¹	Course Placement
Highest English SAT/ACT score is less than or equal to	530	19	English 0701/0711
Highest English SAT/ACT score is between	540 and 610	20 and 23	An English Assessment is required.
Highest English SAT/ACT score is between	620 and 740	24 and 34	English 0802/0812
Highest English SAT/ACT/AP ² score is equal to or greater than	750	35	Exempt from 0802/0812

1. A calculated ACT score of 40% English and 60% Writing sub-scores (Writing Ideas/Analysis, Development/Support, Organization, and Language Use/Conversation) will be used to determine course placement. The ACT scores in the table above are provided as an estimate. Students who are placed into an English course based on their ACT scores will receive their official course placement via email.

2. Students scoring a 4 or 5 on the AP English Language and Composition exam are exempt from 0802/0812.

Foreign Language Placement

If a student has previously studied a foreign language they are required to take the Foreign Language Placement Assessment if they are:

- in a B.A. program in the College of Liberal Arts, College of Science and Technology, or Tyler School of Art,
- a Communication Sciences major within the College of Public Health,
- an International Business Administration major within the Fox School of Business and Management, or
- interested in taking a foreign language course at Temple.

Temple offers Placement Assessments in Spanish, French, German, and Italian. If a student has previously studied a different foreign language and wishes to be assessed in that language for a waiver, it may be possible to arrange. For more information, review the [Foreign Language Waiver Form](#) and [Procedures for Applying for a Foreign Language Waiver](#).

*Students admitted to Temple Rome Entry Year are required to take the Italian Foreign Language Placement Assessment. Students may be exempt if they have studied for no less than three years in a school where the primary language of instruction is Italian. Students should check with their academic advisor if they should be exempt from this assessment.

Transfer Students and Credits

Students who have previously studied at another institution may be eligible to transfer credits to Temple University. All transfer credits are evaluated by the University's Office of Undergraduate Admissions. For more information, please see Temple's [Undergraduate Bulletin](#), and the information below.

English Assessment

Students who transfer a course that has been evaluated as a direct equivalent to Temple's English 0802 or 0812 are exempt from taking the English Placement Assessment. Additionally, transfer students who completed an English Placement Assessment at their previous institution and tested out of their previous institution's English Composition (or comparable requirement) can be waived from the English 0802 requirement if they have documentation of their placement and have successfully completed a higher level English/Writing course. Acceptable documentation includes an official letter from the university's Registrar, advising unit, a faculty member, or other appropriate university official. Since the waiver cannot be considered until the student meets with an advisor and presents the needed documentation, students who believe they are eligible for this waiver must still complete Temple's English Placement Assessment.

Math Assessment

Students considering or required to complete Math 1021 or higher, or a Science course with a pre-requisite of Math 1021 or higher, and have not been automatically placed based on SAT/ACT scores, are required to take a math assessment, regardless of transfer credits.

All students within the following schools, who have not been automatically placed based on SAT/ACT scores, are required to take a math assessment, regardless of transfer credits:

- Division of University Studies
- College of Public Health
 - Including the School of Social Work
- College of Science and Technology
- College of Education
- School of Sport, Tourism and Hospitality Management (Pre-Business Majors only; all other majors follow guidelines below)
- College of Engineering (except those transferring in Calculus I, II, III and/or Differential Equations)
- Fox School of Business and Management

Students within the following schools/colleges who transferred a credit bearing, QA/QB/GQ designated Math course are exempted from taking the Math Placement Assessment:

- Boyer College of Music and Dance
- College of Liberal Arts
- Klein College of Media and Communication
- School of Sport, Tourism and Hospitality Management
- School of Theater, Film and Media Arts
- Tyler School of Art

Advanced Placement and International Baccalaureate Credits

Temple University awards college credits to students who in high school participated in an Advanced Placement (AP) or International Baccalaureate (IB) program, as detailed on Temple's [Credit for Prior Learning](#) page.

Since AP and IB scores may not be available in time for orientation and advising, any student who has not already received a placement must take the placement assessments. Even though students may receive transfer credit for completed and pending AP and IB Exams, in most cases, successful completion of these exams does not waive students from taking Placement Assessments. Students should discuss all AP exams scores (completed & pending) with a Temple academic advisor during their orientation academic advising appointment. Academic advisors will review individual student's cases during orientation and recommend Temple courses based on anticipated transfer credit, placement scores and degree requirements.

If you have any questions about University Placement Assessments, call 215.204.8611 (M-F, 8:30 am – 5:00 pm EST) or send an email to Placements@temple.edu.
