

****How to obtain a Temple email address**

All students, **regardless of location**, are required to obtain a Temple e-mail account. All billing is now sent through Temple email, so if you don't have an account, you can't receive a bill.

To obtain a Temple e-mail account, follow the directions at: <https://accounts.temple.edu>
You will find a form which you need to complete and submit, including your password selection. If you forget your password, contact Temple's HELP desk at 215.204.8000. (Sorry, but the QA/RA Office will not have access to e-mail passwords.).

Please note that you can arrange to FORWARD your Temple emails to your work or home email account.

To access your Temple e-mail account remotely, go to: <https://tumail.temple.edu/wm>
For the user name, just type in the characters that appear BEFORE the @ of your Temple address (you do NOT need to include "@temple.edu")

You can also access Temple e-mail by going through the QA/RA homepage. Click on: **Temple Links**; then click **School of Pharmacy Home Page**; then go to the center of the page and click **Web E-Mail - TU mail**.
