Employing organizations that recruit Temple students are expected to follow the Principles for Professional Practice for Employment Professionals established by the National Association of Colleges and Employers.

Specifically we want to highlight the following:

- Employment professionals will refrain from any practice that improperly influences and affects acceptances. Such practices may include undue time pressure for acceptance of offers and encouragement of revocation of another offer. Employment professionals will strive to communicate decisions to candidates within the agreed-upon time frame.
- Employment professionals will provide accurate information on their organization and employment opportunities. Employing organizations are responsible for information supplied and commitments made by their representatives.
- Employment professionals will cooperate with the policies and procedures of the career services office, including certification of EEO compliance as well as compliance with all federal and state employment regulations.
