FOCUS-2
Research Occupations and Temple University Majors

To complete this worksheet, you should have finished the 4 FOCUS-2 assessments (work interests, personality, skills and values).

Explore The Possibilities

1. Log into your FOCUS-2 profile at www.temple.edu/careercenter
2. Combine your assessment results from the work interest, personality, skills and values assessments.
3. Using the Search by Name field, under Explore the Possibilities, conduct preliminary research on your assessment results. (Only eliminate an occupation if you know exactly what the occupation entails. Otherwise, go through occupations and read the Overview and Job Duties sections to determine if you have further interest in the occupation.)
4. After conducting preliminary research on the occupations provided in your assessment results, begin to eliminate occupations.
5. Use the below questions to evaluate the occupations that pique your interest:
   a. What skills and values are needed in this occupation? Does this occupation match your Interest profile from FOCUS-2? What are the average earnings in this occupation?
6. After conducting this research and evaluating occupations of interest, narrow your assessment results to 3 occupations of interest and complete the below worksheet.
