GLOBAL LLC – RETURNING STUDENTS
TEMPLE TOWERS
PEERS WITH A COMMON PASSION

WHAT IS AN LLC?
Temple’s Living Learning Communities bring together a group of students who share a common goal to live together in order to expand learning beyond the classroom and integrate it with daily campus life. The Global Living Learning Community pairs incoming international students with domestic students to live together and participate in cultural learning through a number of projects that promote globalization on and off campus.

GOAL
Living in the Global Living Learning Community allows domestic and international students the opportunity to build life-long relationships that will connect them both socially and intellectually and to acquire cross-cultural communication skills. As participants in this community, students will learn that while they may have cultural differences, they share many similar values and can succeed together through collaboration and mutual understanding.

HOW TO APPLY
To apply for on-campus housing, students must submit a $250 housing deposit to the Office of Housing and Residential Life. For information on applying to the Global LLC, visit the University Housing and Residential Life portion of the University website: http://www.temple.edu/housing - click on the link at the top of the page called “Specialty Housing”.

FOR RETURNING STUDENTS, THE DEADLINE TO APPLY IS MARCH 7, 2014.
