

**Leadership Challenge
Strategic Assessment
Time line**

In the hopes to streamline the assessment process for the Student Leadership Challenge, the assessment sub-group proposes the following strategic assessment plan. The plan would focus on development of a yearly quantitative report and a qualitative report that consists of conducting an in depth assessment of two of the component areas on a rotational basis per year.

Responsibilities:

1. Component Area Leads:
 - A. Data collection would be collected every year by the component area leads.
 - B. Quantitative data would be reported using a standardized reporting form.
 - C. Qualitative data would be collected and raw data forwarded to the Dean of Students Office for future use.
 - D. One component area lead would help with assessment of data

2. Assessment sub-group:
 - A. Tool development
 - B. Results compilation
 - C. Assessment of data
 - D. Written Report
 - E. Information would be shared by the assessment sub-group to the component leads and the Student Leadership Committee.
