January 16, 2008

Dear

We are pleased to announce that you may be eligible for a new Pennsylvania insurance program that will pay for your family planning care. The program is called SelectPlan for Women.

To participate in SelectPlan you must:

- Be a woman between the ages of 18 and 44 years
- Have your permanent residence in Pennsylvania. If you 20 years old or younger your parents must reside in Pennsylvania. If you are 21 years old or older you must live in Pennsylvania and have a PA driver's license or other State-issued ID.
- Not have insurance that pays for family planning services
- Have a weekly income of less than \$370
- Be a U.S. citizen

With SelectPlan for Women, you will receive GYN exams, pap tests, STD tests and treatment, and birth control at no cost.

Our office can enroll you in SelectPlan for Women at the time of your next visit. Please call us at 215-204-7500 or go to our website <http://www.temple.edu/studenthealth/> for additional information.

In order to enroll in SelectPlan for Women at your next visit, we will need your Social Security number, Birth Certificate, your driver's license or State ID and a recent pay stub.

If you do not qualify for SelectPlan for Women you can still receive your family planning care in our office. There will be a minimal cost for these services.

We look forward to seeing you at your next visit.
