Applying to Temple University

The best way to apply is online at www.temple.edu/undergrad/applying. The online application fee is \$50. Online applications are processed more quickly, but if you choose to use this paper application, please read the information on pages b and c carefully.

- Submit only official transcripts—those mailed directly to the Admissions Office from the records office at a school, college or agency.
- Sign and date your application.

Complete this Application...

- if you are applying to Temple for the first time as either a freshman or transfer student.
- if you applied previously to Temple more than one year ago. You also must have new official transcripts sent to us.

Do Not Complete this Application...

- if you have applied to Temple within the last year but did not attend. Complete instead a **Renewal Application**, available from the Admissions Office or online at www.temple.edu/undergrad.
- if you previously attended Temple as a degree candidate (matriculated student). Complete instead a **Readmission Application**, available from the dean's office of the college or school in which you were last enrolled.
- if you have already earned a bachelor's degree and wish to take courses as a non-matriculated student or obtain certification from one of our schools or colleges. Complete instead a **Special Student Application**, available from the dean's office of the college in which you wish to enroll or from the Office of Continuing Education (215-204-2500).
- if you are an international student. If you are not a U.S. citizen and will require a non-immigrant visa, you must complete the **International Student Application**, available from the Admissions Office or online at www.temple.edu/undergrad.

Freshman Applicants

You are considered a freshman applicant if you are still in high school or have attempted fewer than 15 credits at a regionally-accredited college or university after graduating from high school or earning a state General Equivalency Diploma (GED).

- If you are still in high school, submit your completed application, \$50 application fee, your official high school transcript and SAT/ACT scores to our Admissions Office.

- If you have completed high school or earned a GED, send your application and fee to us directly and request all high schools and colleges you have attended to mail official copies of your transcripts.
- If you did not graduate from high school but have earned a GED, submit your original GED scores as well as all transcripts of coursework completed before leaving high school. If you are 22 or older, we consider you an adult student and do not require SAT/ACT scores.

Transfer Applicants

You are a transfer applicant if you have attempted 15 or more credits at a regionally-accredited college or university after graduating from high school or earning a GED. You must authorize all high schools and colleges you attended to send official copies of your transcripts to the Admissions Office. Return your completed application and fee directly to the Admissions Office.

Decision Process

We can make an admission decision only when your application is complete, which is when we have received all required documentation, including your signed application, \$50 fee, all high school and college transcripts, and SAT/ACT/GED/TOEFL scores if applicable. We may initially review a completed application and request additional information, such as senior grades, before making a final decision.

We make freshman decisions on a rolling basis beginning in October for both spring and fall admission. We usually notify applicants within a month of submission, although we hold some fall applications until early April. Decisions are made by professional admissions staff members, who take into consideration all high school and college grades, class rank, standardized test scores, essays, recommendations, and other relevant information.

Tracking Your Application Status

Shortly after you apply, you will receive an AccessNet username and password that will enable you to track the status of your application. You will learn whether your application is complete or in process, what documents or materials are missing, and whether or not an admissions decision has been made and mailed to you.

When you receive your AccessNet username and password, you will activate your AccessNet account and assign yourself a permanent password. Then, go to the TUportal web site at tuportal.temple.edu and log in with your AccessNet username and password. Click on "OWLnet" and enter your password again. Then, click on "Undergraduate Applicants" to follow your application through the process. If you lose your AccessNet username or need to reset your password, please visit tuhelp.temple.edu/applicants.
