Major Exploration Tools and Resources

**Undergraduate Bulletin**
www.temple.edu/bulletin
Use the online bulletin to research the majors you are considering. Choose “Academic Programs” to access departmental contact information as well as school, college, major, and minor requirements.

**Undergraduate Course Descriptions**
Available online at www.temple.edu/bulletin, click on “Course Descriptions”
Get more information about course requirements by reading detailed descriptions of Temple’s course offerings.

**Course Schedule**
Log in to TUportal, click on “Self-Service Banner”
Develop a schedule that allows you to satisfy requirements and explore major interests.

**Career Center**
www.temple.edu/careercenter
Mitten Hall, Second Floor
215-204-7981
Career coaching, career assessment/decision-making instruments, career-related workshops, information about internships and externships, mock interviews, resume writing, and FOCUS-2 (an online tool designed to help you identify interests and values and match them with potential majors and careers) are only some of the valuable resources available through the Career Center. Using them will help you make more effective major/career related decisions.

**Academic Departments**
Go to www.temple.edu/bulletin, click on “Academic Programs” and choose the school or college that offers your prospective major. Click on the major to find departmental contact information. Schedule an appointment with an advisor or a faculty member. Go prepared with questions.

**Occupational Outlook Handbook**
www.bls.gov/OCO
Use this U.S. Department of Labor website to research career options. Review the “Education and Training” section to identify qualifications required by occupations of interest.
