On behalf of the faculty, staff, and students of the Fox School of Business (FSBM or Fox) we would like to congratulate you on your admission to Temple University!

You are a member of what is quickly becoming one of the most academically talented classes ever admitted to Temple. The staff, administration, and faculty in Fox are therefore excited you are interested in our School, the largest here at Temple University.

Due to the enormous demand for admission into the Fox School, new freshman students are required to first complete one successful semester of college coursework before they are able to officially declare any major in Fox.

We strongly recommend that you change to the Division of University Studies in order to increase your ability to register for the recommended courses and to ensure that you are fully prepared for entry into the Fox major of your choice. Please speak to an advisor immediately if you wish to change to the Division of University Studies.

During your first year you would be required to attend a Change of Program Workshop if you wish to officially declare a Fox major.

First semester suggested roster:
- **Statistics 1001 or 1102** (restricted to Fox students only)
  - based on SAT/ACT placement or Math Placement Assessment
  - If your test scores are not sufficient to enroll in Statistics 1001, you are strongly encouraged to retake the Math placement assessment. Otherwise, you will be enrolled in Math 0702 to be completed prior to STAT 1001.
- **English 0701 or 0802** (or 0711 or 0812)
  - based on SAT/ACT placement or English Placement Assessment
- **Economics 1101 or 1102**, based on Math Placement Assessment
- **Human Resource Management 1101** (restricted to Fox students only)
- **A University General Education** course in the area of Human Behavior (GB), Race & Diversity (GD), Science & Technology (GS), or U.S. Society (GU).

The Fox School is home to world-renowned faculty, state-of-the-art facilities, and student services that are unparalleled in the world of business education. Additionally, the School’s Center for Student Professional Development, which leverages our distinguished reputation throughout industry, offers students the chance to network with major corporations and organizations with access to fast-paced internship and volunteer opportunities that will be integral in launching your career upon graduation.

We hope this has been an informative and productive New Student Orientation. We look forward to meeting and working with you in future semesters.

Thank you,

Julian White, Director
