Welcome to School of Environmental Design- home to the Landscape Architecture, Horticulture and Community Development majors! The staff, administration and faculty are excited you have chosen to study within this discipline. We are eager to assist you with your course selection, professional goals and transition to Temple University.

If you are a **Landscape Architecture** major, the advisor you are working with today has been given the authority to register you for:

- Any GQ class, if your placement test scores are consistent with the course.
- English 0701 or 0802, depending on your English placement test
- Botany 1111
- Landscape Architecture 1013

If you are **Horticulture** major, the advisor you are working with today has been given the authority to register you for:

- English 0701 or 0802, depending on your English placement test
- Landscape Architecture 1013
- Chemistry 1021/1023
- Botany 1111

If you are a **Community Development** major the advisor you are working with today has been given the authority to register you for:

- Any GQ class, if your placement test scores are consistent with the course.
- English 0701 or 0802, depending on your English placement test
- CDEV 1113
- Any US Society (GU), Human Behavior (GB) or Arts (GA) class or an elective

The advisor who you have been working with will send me your name, email address and telephone number. You will hear from me in 24-48 hours to verify your fall roster. We recommend that you schedule an appointment with our advising office (267-468-8200) this summer so that you can also receive the information that our new students are given and so that you can visit our beautiful campus!

Thank you,

Susan McCaffrey, Assistant Director Academic Advising
