

The following information is provided to help you complete the Banner Course Inventory Update Form and the Course Termination Form. The **Course Inventory Update Form** is used to create a new course or to revise an existing course. The **Course Termination Form** is used to inactivate an existing course.

At the very least, you must provide the following information on the form: Effective Term of Action, Course Subject, Course Number, Abbreviated Course Title, College/School, and Department (for creating or revising a course).

**College/School (STV\_COLL):** Specify the school or college that is responsible for this course. The list below shows the Banner Code associated with each school or college.

Banner Code	School/College Name	Banner Code	School/College Name
BC	Music & Dance, Boyer College	LW	Law, Beasley School
BU	Business & Mngmnt, Fox School	ME	Medicine
CE	Continuing Education	PH	Pharmacy
CO	Communications & Theater	PM	Podiatric Medicine
CS	Continuing Studies	PV	Provost
DN	Dentistry, Kornberg School	ST	Science & Technology
ED	Education	SW	Social Work
EN	Engineering	TA	Art, Tyler School
EV	School of Environmental Design	TH	Tourism & Hospitality Mngmnt
HP	Health Professions Social Work	TJ	TUJ Intrnatnl Business Studies
LA	Liberal Arts	US	University Studies

**Department (STV\_DEPT):** Select the department that will be responsible for this course. The Department Code list below shows the Banner code associated with each department. Please note that the Banner codes are not the same as the ISIS codes. The Banner department codes were derived from the FOAPAL codes. To help you identify the departments within your school or college, in most cases the department name begins with the school or college name, followed by a colon, and then the specific department.

Banner Code	Department Name	Banner Code	Department Name
0000	Undeclared	1501	Fox School of Business

**Course Type:** If the course you are creating or revising is for continuing education (non-credit), then select "Continuing Education." Otherwise, select "Academic Credit."

**Effective Term of Action:** The Effective Term of Action requires the four-digit year, two-digit semester format. The two-digit semester codes are:

- 01 – Continuing Education
- 03 – Spring
- 20 – Summer I
- 26 – Summer II
- 36 – Fall

(Example: If you are creating a new course for Fall 2012, enter **201236** in the **Effective Term of Action** field.)

**Subject Code (STVSUBJ):** Select the Banner subject code related to this course. In many cases, the Banner subject code is similar to the ISIS department abbreviation. The Subject Code list below is sorted alphabetically by the Subject Name.

- Do not use any subject codes where the description ends in a stand-alone capital "H." These are historical codes that are needed in Banner for academic history, but are not used for existing courses.
- Any subjects with "CE (Non-Cr.)" in the description are only to be used for Continuing Education courses. Do not use these subjects for courses that carry academic credit.

Banner Code	Subject Name		Banner Code	Subject Name

<b>L1</b>	CE TUCC Licensure	<b>PP</b>	Professional Preparation
<b>L2</b>	CE Continuing Dental Ed	<b>UG</b>	Undergraduate

**Course Number:** When creating a new course, please refer to the course numbering web site at <http://renumbering.temple.edu/conventions.htm> for standard course numbering conventions for graduate and undergraduate courses.

**Course Title:** A required field; 30 character limit, including spaces. Use both upper and lower case letters. Use as much of the 30 characters as possible. Be mindful of abbreviations; make them meaningful. If the course title is longer than 30 characters, you may enter the complete title in the Long Course Title field.

**Long Course Title:** A long title, up to 100 characters, may be entered in this field. Not a required field. The Long Course Title will display on the Web in the Course Catalog and Schedule, as well as in reports.

**Total Number of Credits or Continuing Education Units:** If this is a variable credit course, please be sure to enter an "OR" or "TO" between the low and high credit values.

**Breakdown of Lecture/Lab/Other:** Use this feature only if a course is variable credit and does not have a combination schedule type, such as LL (Lecture & Lab).

**Course Repeatability:** Answer "Yes" if students are allowed to take this course multiple times for academic credit.

**Grade Mode:** Select either "Standard" or "Non-Standard" for the grade mode.

- For undergraduate courses, you must select "Standard."
- For graduate and professional courses, select either "Standard" if standard letter grades should be used for grading this course or "Non-Standard" if this course should be graded as Pass/Fail or Credit/No Credit.
  - If Non-Standard is selected for the graduate or professional course, you must also specify either Pass/Fail or Credit/No Credit.
  - Also, you may choose "Audit" as an additional grade mode option.

**Schedule Type (STVSCHD):** Select all that apply. Schedule Types are used to specify how the course is offered (i.e., lecture, private instruction, studio, etc.) If you do not specify the appropriate schedule type at the course level, then you will not be able to offer the course as such at the section level.

The list below also includes the default Instructional Method for each Schedule Type. When opening sections of a course, you may change the default instructional method to one that is more appropriate for the specific section. For example, a section of a Base Lecture course could be offered online only, thus the instructional method at the section level can be changed from CLAS to OLL.

Banner Code	Schedule Type	Default Instructional Method	Banner Code	Schedule Type	Default Instructional Method

**Instructional Method:** While not required on the course inventory form, you may want to refer to the following list when opening sections of a course.

<b>Banner Code</b>	<b>Instructional Method</b>	<b>Banner Code</b>	<b>Instructional Method</b>
<b>CLAS</b>	Classroom	<b>SERV</b>	Service Learning
<b>HYBR</b>	OLL with some meeting reqd	<b>STDO</b>	Studio
<b>LAB</b>	Laboratory	<b>SUPV</b>	Supervised Experience
<b>NCLAS</b>	Non-Classroom (Field & I.S.)	<b>VIDEO</b>	Video conference
<b>OLL</b>	Online only	<b>VIRT</b>	OLL with reqd virtual meetings
<b>REC</b>	Recitation		

**Course Description:** This is a plain-text field. Provide a brief description of the course. Please beware of misspellings, since Banner does not have a spellchecker. The description that you provide will appear in the online Course Catalog.

**Prerequisites:** You must provide the following information when defining prerequisites: Subject Code, Course Number, Minimum Grade that students must achieve in the prerequisite course, and Concurrency.

- If students do not meet the minimum grade in the prerequisite course, they will be prevented from registering for this course.
- If a prerequisite course can be taken in the same semester as this course, please specify that the prerequisite is concurrent to this course.

**Co-requisites:** If this course requires another to be taken in the same semester, please specify each co-requisite Subject Code and Course Number.

**Registration Restrictions:** There are several ways to restrict students from registering for courses. Students may be restricted based on their Department, Field of Study (major, minor and/or concentration), Class, Level, Degree (BA, MS, BFA, etc.), Program, College, Student Attribute and Cohort. The Department, Class, Level and College codes are the same as those listed earlier in this documentation.

- For each type of restriction, you may either Include all within a restriction type or Exclude all within the type. You cannot include some and exclude others within the same restriction type. For

example, you **cannot** specify “**include** Freshman **and** Junior, **AND** **exclude** Sophomore” in the Class restriction. If you only want to allow Freshmen and Juniors to register for the course, simply select “Include” and then add “Freshman” and “Junior.” If you want to allow all classes except Juniors to register for a course, select “exclude” and “Juniors,” instead of “include” all of the other classes.

- We will not be restricting registration based on Campus.
- Take a minimalistic approach to registration restrictions. Simplicity is the key to success!

**Equivalent Courses:** In general, equivalent courses are the past versions of a course, most often associated with courses that underwent one or more course number change. If this course is equivalent (read: equal in all ways) to another course and you want to make that connection so that students do not register for the course if they had already successfully completed the equivalent, then you must specify the Subject Code, Course Number, Start Term, and End Term of each equivalent course. Banner will use this information for repeat checking during registration and will alert students if they already completed an equivalent course. If they wish to register for the course in order to replace a grade, they will be allowed to do so once. Any further attempt to register for the course will require advisor intervention.

**Mutually Exclusive Courses:** Specify any courses that are not equivalent to this course, but that have overlapping content that would prevent students from receiving academic credit for all versions. During registration, Banner checks for mutually exclusive courses during registration.

**Degree Program Attributes:** These are the RCIs (Required Course Indicators) that were used in ISIS to denote the General Education areas, honors courses, etc.

Banner Code	Degree Attribute	Banner Code	Degree Attribute
DI	Dissertation FT. Status	LA	Language A
DV	Developmental	LB	Language B
GA	Gen Ed Arts	LC	Language C
GB	Gen Ed Human Behavior	M1	MEDICAL SCHOOL
GD	Gen Ed Diversity & Race	M2	MEDICAL SCHOOL
GG	Gen Ed Global/World Society	M3	MEDICAL SCHOOL
GQ	Gen Ed Quantitative Literacy	M4	MEDICAL SCHOOL
GS	Gen Ed Science & Technology	M5	MEDICAL SCHOOL
GU	Gen Ed US Society	M6	MEDICAL SCHOOL
GW	Gen Ed Analyt Reading/Writing	M7	MEDICAL SCHOOL
GY	Gen Ed Mosaics I	M8	MEDICAL SCHOOL
GZ	Gen Ed Mosaics II	NA	No Academic Credit
HO	Honors	WI	Writing Intensive

**Additional Information section:** This section of the Banner Course Inventory Update Form asks several questions that are not directly related to Banner, but that do have an impact on the overall approval process. Please answer these questions, if applicable to your specific course proposal.
