To evaluate a particular course, students click on the radio button next to the course and then click on the "NEXT" button (below) to begin entering responses on the assigned form (i.e., S1, L1, R1, P1, or M1).

On this Course information page, students and instructors select a course to evaluate. Students will select a particular course to evaluate from "Courses you took" and instructors will select a course they are teaching from "Courses you taught." Usually, they are only either a student or an instructor and see only one of these lists, but occasionally a person is both a student and an instructor and see both.

To complete a Student Feedback Form, select a course/instructor below and then click "NEXT" to begin the teaching evaluation. Return to this page and repeat the process to evaluate additional courses.

Courses you took:

	Dept	Course	Section	Instructor
<input type="radio"/>	TEST M1 DEPT	9996 - TEST M1 (999996)	996	Multiple Instructors
<input type="radio"/>	TEST S1	9991 - TEST COURSE BUTTS (999991)	991	Butts, Kelly

Courses you taught:

	Dept	Course	Section	Instructor
<input type="radio"/>	TEST S1	9991 - TEST COURSE BUTTS (999991) Student evaluations completed: 0%	991	Butts, Kelly

Instructors and students are granted access to the online administration of the Student Feedback Forms (e-SFF) if they have taught a course or are a student of a course that is participating in e-SFF. It is extremely important that the information loaded into e-SFF is correct. If not, some courses/instructors may not get evaluated or the results may be otherwise unusable. Course/instructor information should be carefully reviewed and updated by the particular School and College Dean's Office during the preliminary manifest update phase. It is inadvisable to make changes after the courses have been loaded into e-SFF and are opened to students.

BACK" and "NEXT" buttons are displayed at the bottom of each page. Students and instructors should use these buttons to navigate through the evaluation process, otherwise responses could be lost.

Please answer the items below and then click on the "NEXT" button.

If any of the information for your course is incorrect, please contact Sally Frazee, Measurement and Research Center, at sfrazee@temple.edu, (215) 204-8685.

Number of additional items

If you have additional items, you must send the items to your students and tell them to complete their responses in the "Additional Items Section" of the student evaluation. There are 50 multiple choice items in the "Additional Items Section" and the responses to these items are formatted so that "5" is "High" and "1" is "Low".

Select the number of additional items you have sent to your students from the drop-down box.
