APPROVAL OF MINUTES

On motion duly made and seconded, the Board of Trustees voted to approve the Minutes of May 14, 1996.

PRESIDENT'S REPORT

President Liacouras reported that Year Two savings have been achieved in The Plan to Renew Temple's Mission and that there is a reallocation fund consistent with what we have stated we would do.

He stated that the presentation of a full cost-full revenue budget will be delayed until October. Also in October, we may deal with the issues of auxiliary services and the possible establishment of a not-for-profit or a Temple University affiliate corporation to manage all those activities. To do so earlier would be too disruptive in view of the many other changes underway. Tomorrow, A.T. Kearney is presenting a final draft of its year-long follow-up improving and simplifying student services at Temple.

INTRODUCTION OF MANAGING DIRECTOR FOR PUBLIC SAFETY

President Liacouras, at this point in the meeting, spoke of the newly appointed Managing Director for Public Safety, Mr. William Bergman, who will assume the position on July 15, 1996.

The President said that Mr. Bergman is a very highly respected practitioner with very broad experiences, including at universities. With The Apollo of Temple and The Learning Center coming on line at the end of 1997 and the same with the Pediatric hospital, and with major developments at Ambler, this is an appropriate time to unveil and implement the new plans for security and safety at Temple University.

A new plan for public safety was developed by a blue ribbon task force formed in November by Mr. White. Our new Managing Director for Public Safety and Associate Vice President Charles Bush will implement this new plan.

The President said that those who have dealt with Mr. Bergman, come away with a feeling that this is a person who respects other people and is an absolutely, outstanding skilled craftsman. He is especially committed to technological advances and community policing.

The President thanked Mr. White for his vision and for selecting Mr. Bergman.

In response to the President's remarks, Mr. White said that he has known Mr. Bergman since 1985 while serving as Philadelphia's Managing Director. He said that we at Temple are extremely proud of our police department and appreciate the high quality leadership provided by Charles Bush. Mr. White said that our management team has been strengthened with the appointment of Mr. Bergman.

Mr. Bergman thanked President Liacouras and Executive Vice President White for this excellent opportunity. One of the reasons he was so interested in this job is that every time he spoke to anyone here, the same thing came through, pride in Temple University.

Executive Committee

1. Tentative University Budget for 1996-97

Mr. Howard Gittis, Chair of the Executive Committee, explained that this is not a consolidated University budget because it does not include a budget for the Temple University Health System (TUHS). Committee on Development

Report

Mr. Gittis' report to the Board follows:

Announcement of "The Campaign for Temple"

As we move toward completion of "The Commonwealth Challenge, Plus" campaign, it is now time to mobilize the third phase of our ten-year fundraising strategy. The second phase encompasses the $10 million campaign for the new Law School which is virtually completed and the $25 million campaign for the new Pediatric Hospital which is just starting.

So, I'm pleased to announce that we will begin the planning phase of "The Campaign for Temple."

This University-wide initiative will involve all schools and colleges across the Main, Health Sciences, Tyler, Ambler, TUJ and Rome campuses. The campaign will focus on endowments, professorships, and scholarship funds. A successful campaign will have a powerful impact on the quality and reputation of our academic departments.

"The Campaign for Temple" will dwarf all previous campaign efforts, and will challenge us all to outperform and to outshine the past. I believe we are prepared to meet that challenge.

Our central Development program is stronger than ever, with an excellent leader in Al Checcio and a team of professionals. We expect outstanding help from volunteers.

The key, however, will be the significant and successful involvement of our academic deans, who have a vested interest in actively raising funds for their schools which can mean the difference at the edge of excellence.

And so, on behalf of the Board, we request that President Liacouras allocate the necessary resources to initiate the planning process for this University-wide capital campaign. We are aiming for a five-year campaign and will begin in December 1997.

The campaign goal has yet to be determined, but it will be significant, and consistent with Temple's status as one of America's pre-eminent universities.

ANNOUNCEMENTS

Mr. Gittis announced that on June 30, we will complete the acquisition of Jeanes Hospital. We now will own Northeastern Hospital, Jeanes Hospital, Elmira Jeffries Memorial Home, Inc., Temple University Hospital and have an agreement to purchase the Philadelphia Geriatric Center. Together they will have a budget of over $335 million when finally approved; that is about 65% of the University's budget. It is really a major undertaking on the part of this University.

Mr. Gittis said he promises that you will have a health system that you can be very proud of in the future.

ADJOURNMENT

On motion duly made and seconded, the meeting of the Board of Trustees was adjourned at 3:38 P.M.
