25. Ambler Campus

Mr. Fox informed the Board that action on this item will be postponed, with consideration taking place at the October 24, 1996, meeting of the Joint Committees.
President Liacouras informed the Board that the University Ad Hoc Committee dealing with the Ambler Arts Festival authorized a group of principals and others in the Ambler area to determine the feasibility of raising sufficient funds and of organizing an Ambler Arts Festival. He said that when the Board made that authorization, it was not a binding commitment except to provide an opportunity to see what could be done, leaving the Board the option of going ahead or not going ahead at the appropriate time.

The President continued that the strategic plan for Temple University Ambler has undergone substantial changes during the past year. What led to the need for a motion today was the request by the principals of the Ambler Arts Festival to have the University sign a lease authorizing the use of space on the Ambler campus for this activity. It is the first time any requirement of formal Board action to follow up this four year old authorization was presented to us.

President Liacouras said that, at this time, Executive Vice President James White, Provost James England, Senior Vice President Leon Malmud, Vice President Corrinne Caldwell, and Counsel George Moore recommended that the Board withdraw the earlier authorization so that there would not be any additional expenditure of time and effort since it is clear that the University will use all of the Ambler campus for its own educational programs. When the recommendation was made, we did not have the opportunity to discuss this with the principals, and we believe we owed it to them to hear directly from us. Therefore, we will put off action to the meeting on October 24, 1996.

The President said that, in the interim, he and others will meet with the principals and explain as directly as possible the reasons for this recommendation.
