President's Report – David Adamany

President Adamany reported that the advertising campaign to attract new students is currently under way. Commercials being shown on television are drawing attention to the University. President Adamany introduced Mr. Thomas Maxey, who is heading Temple’s recruiting efforts.

Mr. Maxey, Vice President for Enrollment Management, reported that hundreds of thousands of dollars have been spent on this current advertising campaign to recruit the best and brightest of students. The key to this advertising campaign is the use of current Temple students. One of them is an 18-year old female freshman, the other a 24-year old Tyler graduate now enrolled in SCAT. The students in the commercials have returned to their local high schools and praised their positive experiences at Temple. *(The Trustees then viewed the commercials.)*

Mr. Maxey reported that enrollment is up 48% over the last four years. Applications are up by 10% for next fall, with many being received electronically. All quality measurements are up significantly, which show that more and better students are being attracted to the University. Mr. Maxey echoed Stuart Sullivan’s sentiment that the quality student body today will result in better alumni giving in the future.

President Adamany stated that at the next Board meeting, Peter Liacouras will join the Board to unveil his presidential portrait for hanging on the wall alongside his predecessors. All Trustees are encouraged to attend.

In following up on Mr. Maxey’s remarks, Chairman Gittis stated the Enrollment Management team has done an extraordinary job in recruiting students. One emerging issue to be addressed is that average incoming SAT scores are in the range of 1048 to 1060, while the average SAT score in the Philadelphia schools is in the 800 range. The University is providing quality education to our students, who generally are being better prepared. Until the performance in the Philadelphia schools improves, this will be an area that will have to be addressed.

Mr. Gittis acknowledged the retirement of Vice President for Student Affairs, Dr. Valaida S. Walker. A Temple alumna, Dr. Walker received her master’s and doctoral degrees from the College of Education. She has held several key administrative positions within the University, including Associate Vice Provost for Undergraduate Programs and Associate Dean for Development in the College of Education. As the Vice President in charge of Student Affairs, Dr. Walker has been responsible for student life and services, housing, student health services, the Student Assistance Center, recreation services, and international student services. Dr. Walker has been the face, heart, and conscience of Temple University. The Board applauded Dr. Walker, and wished her well in retirement.
