Dear Student,

Welcome to the College of Education! We are excited to hear that you have chosen the field of education and are eager to assist you with your course selection, achieving your goals, and transition to Temple.

But first things first! You need to get registered for the appropriate courses for fall. The advising staff you are working with today can assist you with registering for courses that are appropriate for your new major, please refer to the course selections that appear below. The advisor will also notify us of your request to change your program (major) and we will update your record to reflect your new program.

IMPORTANT: Your Next Steps
Since there is important information that you need to know specific to being a student in the College of Education, you will need to participate in a make-up orientation session with us – just the group advising portion, not another full day of orientation. Dates when you can attend the College of Education presentation from 1:00-2:30 are:

- Monday, June 17th
- Monday, June 24th
- Monday, July 8th
- Thursday, July 11th
- Monday, July 22nd
- Monday, July 29th
- Wednesday, August 21st

Please email edadvising@temple.edu to let us know you are coming. These sessions are held in Shimada Resource Center in Ritter Annex (Room 150); check-in at the front desk when you arrive.

If you do not live locally and coming back to campus this summer will create a hardship, please e-mail edadvising@temple.edu and we will make alternate arrangements.

We look forward to meeting with you soon!

Sincerely,

Janet Distel
